3-Way Mixes

Adama Agricultural Solutions UK Ltd will support the physical compatibility of a three-way mix of Apollo 50SC with:

Dithianon WG 0.75kg/ha + Scala 0.75l/ha.
--

When using tank mixes always follow the statutory conditions of all tank mix partners. Physical compatibility tests check that the products will mix and are suitable for application through a conventional sprayer and may not be approved tank mixes. These tests do not check for any adverse crop effects or the biological efficacy of the individual products when applied in a tank mix. Adama Agricultural Solutions UK Ltd gives no warranty and accepts no liability in respect of physical compatibilities and use is at growers own risk.

Apollo® 50 SC contains 500 g/l (42% w/w) clofentezine. Use plant protection products safely. Always read the label and product information before use. For further product information, including warning phrases and symbols, refer to www.adama.com/uk/en or call The Technical Helpline on 01635 876 622.
